Chairman's Message

Dear Shareholders,

It is with great pleasure I present to you the Company's performance and progress for the financial year 2024-25. The year under review was marked by resilience, growth, and forward-looking transformation—both for the Indian economy and the insurance sector.

Macroeconomic Outlook

India continues to rank amongst the fastest-growing major economies globally, driven by robust domestic demand and continued focus on structural reforms.

Globally, the insurance market is projected to grow to USD 10 trillion by 2028, at a CAGR of 7%. India's insurance sector has witnessed significant growth, with the domestic market expanding at CAGR of 17% over the past two decades. The general insurance sector posted a total premium of ₹3,07,659 crore in FY 2024-25, reflecting a 6% year-on-year growth. Private sector general insurers performed notably, growing at 8% (ex-crop) and maintaining a market share of 66%.

Despite facing significant global headwinds—including high inflation, geopolitical instability amid growing conflicts in various parts of the world, and supply chain disruptions—the Indian economy demonstrated exceptional resilience.

Private consumption and capital investment remained key pillars of growth. Rural demand showed signs of recovery on the back of improved agricultural output and government welfare measures, while urban consumption was bolstered by rising disposable income, and continued expansion of the services sector.

Insurance Industry Overview

In 2024-25, we witnessed the increasing integration of technologies such as artificial intelligence and blockchain, enabling precision in risk assessment and personalisation of products. Climate change continued to reshape the sector's risk landscape, leading to increased demand for parametric insurance and protection against extreme weather events.

Globally, the insurance market is projected to grow to USD 10 trillion by 2028, at a CAGR of 7%. India's insurance sector has witnessed significant growth, with the domestic market expanding at CAGR of 17% over the past two decades. The general insurance sector posted a total premium of ₹3,07,659 crore in FY 2024-25, reflecting a 6% year-on-year growth. Private sector general insurers performed notably, growing at 8% (ex-crop) and maintaining a market share of 66%.

However, insurance penetration in India remains relatively low at approximately 1% of GDP. To address this, the Insurance Regulatory and Development Authority of India (IRDAI) has articulated a bold and inclusive vision—"Insurance for All by 2047" towards ensuring that

every Indian has access to simple, need-based and affordable insurance for life, health and property. The Central and State governments, insurance companies and distributors, technology providers and community organizations will play key role in this initiative.

Regulatory Reforms and Strategic Initiatives

The insurance industry is undergoing a profound transformation led by the Regulator. In pursuit of this vision, IRDAI implemented several far-reaching reforms during the year. Key among these were the introduction of changes aimed at achieving greater transparency and accountability in terms of corporate governance, simplifying compliance requirements, ushering in enhanced measures for protection of policyholders interest, and increased focus on grievance redressal to name a few.

Other significant initiatives included the introduction of State-Level Insurance Plan and the Bima Trinity were to promote insurance coverage in underserved regions including rural India. The proposed Risk-Based Capital (RBC) Framework and Ind-AS implementation will further nudge the Indian insurance industry closer to global standards.

Your Company is proud to partner with the Regulator in supporting the national mission of “Insurance for All by 2047.” As the designated Lead Insurer for the States of Maharashtra and Nagaland, we are actively engaging with state authorities to identify protection gaps, enhance awareness, and deliver need-based, accessible insurance solutions.

Your Company's Performance

I am very pleased to share that in the financial year 2024-25 Your Company emerged as the third largest amongst private general insurer and sixth largest overall in the Indian general insurance industry. This achievement underscores the strength of our strategy, execution and

customer centric approach. Over the past five years, your Company has delivered a compound annual growth rate (CAGR) of 19% in Gross Direct Premium (GDP), significantly outperforming the industry average of 10% for the same period. In the financial year 2024-25, we attained our highest ever Gross Premium Written (GPW) of ₹18,160 crore, representing a robust year-on-year growth of 18%. This translated to a market share of 10.9% amongst private insurers and 5.8% across the overall industry.

Your Company has continued to prioritise technology and customer centricity as enablers of growth and efficiency. Through integration of digital tools across the policy lifecycle—from product design and distribution to claims servicing—we have succeeded in delivering agile, seamless, and superior customer experiences.

Group Values and Stakeholder Commitment

We remain firmly anchored to the core values of Tata Group. These principles guide our actions and decisions, and are central to the confidence reposed in us by our customers, employees and other stakeholders. We will continue to innovate, grow responsibly, and uphold the standards of governance and ethical conduct that define our brand.

Looking Ahead

As we move forward into FY 2025-26, your Company is well-positioned to play a meaningful role in expanding the reach and relevance of insurance across India. With your continued trust and support, we are committed to delivering sustainable value to all stakeholders while advancing the broader objective of financial inclusion and risk protection for every Indian.

Thank you for your enduring confidence.

Warm regards,

Saurabh Agrawal

Our motor book demonstrated resilience and secured second position amongst private sector players while our performance in the commercial lines helped achieve the third position overall.

I am pleased to inform you that your Company is well positioned to meet the requirement of Ind AS aimed at aligning the country's financial reporting practices with global standards. This will lead to greater transparency,

comparability, and reliability. Your Company has completed the gap assessments for FY 2021-22 and FY 2022-23 and due compliance of the timelines would be adhered to in a phased manner as per the approach note issued by IRDAI.

By enhancing our digital capabilities, we have increased digital revenues and improved market positioning. The insurance industry enters the financial year 2025-26 at a critical juncture, treading between opportunities and evolving challenges. Rapid pace of economic

However, the industry must navigate rising climate-related risks, growing cyber threats and an evolving risk landscape that demands robust underwriting and risk management frameworks. Nonetheless, your Company is aligned with India's inclusive growth vision, with focus on strengthening distribution and embracing data-led personalization aided by strong underwriting and risk management practices to propel your Company forward with the next phase of expansion.

I take this opportunity to express my appreciation for all members of the Tata AIG family for their hard work, dedication and commitment. I extend my gratitude to our esteemed customers, partners, shareholders and our employees for their persistent patronage and support. 4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report.

Sr. No.	Key Audit Matter	How the matter was addressed in our audit
1	<p>Information Technology (IT) Systems and controls related to financial reporting process:</p> <p>The Company is highly dependent on its information technology (IT) systems for carrying out its operations and recording the significant number of transactions on daily basis as part of its operations, which impacts key financial accounting and reporting items such as premium income, claims, commission expense and investments among others.</p> <p>The controls implemented by the Company in its IT environment determine the integrity, accuracy, completeness and validity of the data that is processed by the applications and is ultimately used for financial reporting. These controls contribute to mitigating risk of potential misstatements caused by fraud or error.</p> <p>Our audit was focused on key IT systems and controls due to complexity and the pervasive impact of the IT systems and related control environment on the Company's financial statements.</p> <p>Accordingly, we have identified testing of such IT systems and related control environment as a key audit matter for the current year audit.</p>	<p>We involved our IT specialist to perform audit procedures which included, but were not limited to the following:</p> <ol style="list-style-type: none"> Obtain an understanding of the Company's IT related control environment, performed risk assessment and identification of IT applications, databases and operating systems that are relevant to our audit of Company's Financial Statements. For the key IT systems relevant to financial reporting, our areas of focus of our audit included Access Security (including controls over privileged access), Program Change controls and Network Operations. <p>In particular:</p> <ul style="list-style-type: none"> we obtained an understanding of the entity's IT environment and key changes if any during the audit period that may be relevant to the audit; we tested the design, implementation and operating effectiveness of the general IT controls over the key IT systems that are critical to financial reporting. This included evaluation of entity's controls to ensure segregation of duties and access rights being provisioned / modified based on duly approved requests, access for exit cases being revoked in a timely manner and access of all users being re-certified during the period of audit. Further, controls related to program change were evaluated to verify whether the changes were approved, tested in an environment that was segregated from production and moved to production by appropriate users; we also tested automated business cycle controls, related interfaces and report logic for system generated reports relevant to the audit of premium income, commission expense, claims and investments, for evaluating completeness and accuracy; We tested the controls over network segmentation, restriction of remote access to the entity's network, controls over firewall configurations and mechanisms implemented by the entity to prevent, detect and respond to network security incidents; We tested compensating controls or performed alternate procedures to assess whether there were any unaddressed IT risks that would impact the controls or completeness and accuracy of data; and Where deficiencies were identified, tested compensating controls or performed alternative procedures.

Information other than the Financial Statements and Auditors' Report thereon

5. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Directors' Report (including annexures thereto) but does not include the financial statements and our auditors' report thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Our opinion on the financial statements does not cover the other information, and we do not express any form of assurance conclusion thereon.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

6. The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these financial statements that give a true and fair view of the Balance sheet, Revenue account, Profit and Loss Account, and Receipts and Payments account of the Company in accordance laid down in Accounting Standards specified under Section 133 of the Act and other accounting principles generally accepted in India which are not inconsistent with the accounting principles as prescribed in the IRDA Financial Statements Regulations, the IRDAI Act, and the circulars/orders/directions issued by the IRDAI in this regard. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
 7. In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
 8. The Board of Directors are also responsible for overseeing the Company's financial reporting process.
10. As part of an audit in accordance with SAs, specified under section 143(10) of the Act, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Management's and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Auditors' Responsibilities for the Audit of the Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, that could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We

consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

14. The actuarial valuation of Claims Incurred But Not Reported (the "IBNR"), Claims Incurred But Not Enough Reported (the "IBNER") and Premium Deficiency Reserve (the "PDR") is the responsibility of the Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of IBNR, IBNER and PDR that are estimated using statistical methods as at March 31, 2025 has been duly certified by the Appointed Actuary and in his opinion, the assumptions considered by him for such valuation are in accordance with the guidelines and norms issued by the IRDAI and the Institute of Actuaries of India in concurrence with the IRDAI. We have relied upon the Appointed Actuary's certificate in this regard for forming our opinion on the valuation of liabilities for IBNR, IBNER and PDR contained in the financial statements of the Company.

Report on Other Legal and Regulatory Requirements

15. As required by the IRDA Financial Statements Regulations, we have issued a separate certificate dated April 29, 2025 certifying the matters specified in paragraphs 3 and 4 of Part III of Schedule II to the IRDAI Financial Statements Regulations.
16. As required by the paragraphs 1 and 2 of Part III of Schedule II to the IRDAI Financial Statements

- f. In our opinion and to the best of our information and according to the explanations given to us, investments have been valued in accordance with the provisions of the Insurance Act, the IRDAI Financial Statements Regulations and/or orders/directions issued by IRDAI in this regard;

- h. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls as on 31 March 2025, refer to our separate Report in Annexure "A" wherein we have expressed an unmodified opinion;

ANNEXURE “A” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph 16(h) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date

Independent Auditors’ Report on the internal financial controls with reference to the financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (‘the Act’)

1. In conjunction with our audit of the financial statements of **TATA AIG General Insurance Company Limited** (‘the Company’) for the year ended March 31, 2025, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Board of Directors for Internal Financial Controls

2. The Company’s Management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company’s business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 including the provisions of the Insurance Act, 1938 as amended (the “Insurance Act”), the Insurance Regulatory and Development Authority Act of India, 1999 (the “IRDAI Act”), the Insurance Regulatory and Development Authority ((Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 (the “IRDAI Financial Statements Regulations”), circulars/orders/directions issued by the Insurance Regulatory and Development Authority of India (the “IRDAI”) in this regard.

Auditors’ Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India (‘ICAI’)

prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (‘the Guidance Note’) issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company’s internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally

accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matter

9. The actuarial valuation of liabilities in respect of Claims Incurred But Not Reported (the "IBNR"), Claims Incurred But Not Enough Reported (the "IBNER") and Premium Deficiency Reserve (the "PDR") is the responsibility of the Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of IBNR, IBNER and PDR, that are estimated using statistical methods as at March 31, 2025 has been duly certified by the Appointed Actuary and in his opinion, the assumptions considered by him for such valuation are in accordance with the guidelines and norms issued by the IRDAI and the Institute of Actuaries of India in concurrence with the IRDAI. The said actuarial valuations of liabilities for outstanding claims reserves and the PDR have been relied upon by us as mentioned in Other Matters paragraph in our Audit Report on the financial statements for the year ended March 31, 2025. Accordingly, our opinion on the internal financial controls with reference to financial statements does not include reporting on the adequacy and operating effectiveness of the internal controls over the valuation and accuracy of the aforesaid actuarial liabilities.
