Chairman's Message

Mr. Saurabh Agrawal
Chairman & Non-Executive,
Non-Independent Director

Dear Stakeholders,

The past two years have been trying times for the world with great personal trauma and economic upheaval brought about by the Covid pandemic. As the impact of the pandemic recedes, we believe that India stands at the threshold of a period of great opportunity. This is attested by the fact that India was the fastest-growing major economy in FY22 delivering 8.7% GDP growth.

The insurance industry has played a critical role in supporting efforts of humanity during these times of distress.

The Indian general insurance industry has collectively processed COVID-related health claims of over ₹ 24,000 crores over the last two years.

COVID has also helped reinforce the value of insurance in the minds of customers, resulting in 11% industry growth in FY22, primarily on the back of growth in health insurance. FY22 was the first year in which industry health insurance premiums exceeded industry motor insurance premiums.

Your Company crossed a significant milestone in FY22 as it exceeded ₹ 10,000 crores of Gross Written Premium for the year. The Company increased its overall market share from 4.0% in FY21 to 4.5% in FY22 with accretion in market share across all lines of business. In particular, your Company became the second largest private sector motor insurer with a 7.3% market share for the year.

While profitability for the industry was impacted in FY22 by high health claims on account of COVID-19, your Company continued to demonstrate resilience and was amongst the few general insurance companies to report an increase in profit after tax in FY22 over FY21. The solvency of your Company was at 1.97x the end of FY22, well above the minimum regulatory requirement.

Your Company continues to be guided by its core philosophy of customer centricity and has built many industry first digital capabilities which were deployed during the pandemic to provide uninterrupted and seamless service to customers in policy servicing, claims and grievance redressal.

Your Company was voted the most broker-friendly insurer by the Insurance Brokers Association of India for the fifth years in a row in addition to the company's digital initiatives being recognized at the ET Digital Warrior Awards and the Finnoviti 2022 Awards.

The Company is committed to serving the society through the various CSR initiatives that it undertakes throughout the year. Our employees have joined us as volunteers driving several projects focused on uplifting the economically backward sections of the society. By identifying critical areas of assistance, we will continue to give back to the society. Such non-profit humanitarian contribution is integrated into the very ethos of our Company.

The new financial year will bring in its own set of challenges including higher commodity prices, increasing interest rates and geo-political tensions; however we are confident that things would get better for the industry and the economy at large. The journey of profitability, innovation and excellence would not have been possible without the continued support and belief of our customers, employees, partners, regulators and all of the stakeholders for which we are very thankful.

Saurabh Agrawal

MD & CEO's Message

Mr. Neelesh Garg
Managing Director & CEO

Dear Stakeholders,

The last couple of years have been a test of our ability to weather the uncertainty brought about by Covid. I am grateful to all of our employees, partners, agents and their families for their resilience and indomitable spirit.

The financial year 2022 has been phenomenal for us in many ways. We crossed the milestone of Gross Written Premium of ₹ 10,000 crores registering a growth of 25% over prior year and achieved a new high of Profit After Tax ("PAT") of ₹ 454 crores. Our overall market share (excluding crop) grew to 5.2% with significant accretion across all lines of business. We improved our rank to second position in the private sector motor segment and witnessed the highest growth in retail health.

Our solvency ratio stood at 1.97x as at March 31, 2022, significantly above the minimum regulatory requirement.

The pandemic has accelerated the digital transformation of our processes and I am proud to say that our digital capabilities are now comprehensive and designed to provide a seamless experience to our customers and partners. As a testament to our digital innovation, we won the FICCI Insurance Industry Award 2021 for innovation during COVID-19 in the Non-Life Category. We were also awarded Insurtech Company of the Year at the Insurance Summit and Awards 2022.

Employee engagement continues to be our strength. We have been proactive to ensure the well-being of the employees and were first off the block to quickly adapt to the Work from Home environment while maintaining high standards for customer service. We also arranged for pan-India vaccination camps for employees (on-roll and off-roll) and their families and implemented several employee welfare measures for the benefit of employees who had contracted Covid and their families.

We are aware of our obligations to society and to the weaker sections of the community and have designed our CSR initiatives to cater to the needs of these sections of society. We have contributed towards Covid relief measures during FY22 and have encouraged voluntary employee participation towards CSR initiatives to create greater impact. We have contributed towards CSR themes of Environment, Education, Health and Disaster Relief during FY22.

The pandemic has forced a re-assessment of risk perception across the board, which will fundamentally increase the demand for insurance and risk protection solutions.

As we enter the new financial year, I am confident that the strategic direction of the Company, the trust of our customers, the dedication and resilience shown by our employees, the cohesiveness of our leadership team, the guidance of our Board members and the ethos of Tata Group will spur us to continue to be the preferred general insurer for our customers.

I would like to thank you for placing your trust in us and for believing in our ability to support you in your goals.

I wish you the best in the times to come.

”

Under ERM, the Company has entrusted the designated Risk Owners to periodically identify, assess, manage and mitigate the risks pertaining to their respective areas of responsibility.

The material risks under broad risk category are identified by the Company and the mitigation measures areas as under:

A) Insurance Risk

Underwriting:

Your Company has stringent guidelines based on which it underwrites its business. The Company adopts a prudent approach towards underwriting risks. Your Company has a formal Underwriting policy duly approved by the Board of Directors. To strengthen the underwriting process, technical underwriting audits are carried out by the Company periodically and the results are reported to the Board.

Reserving Risks:

The strength of an insurance Company is directly relatable to the strength of its balance sheet. To ensure that the balance sheet of the Company is strong, the Company ensures that it has adequate liability / reserve in its books to pay for claims as and when the same arises.

Reserving Risk is the risk of eventual cost of claims diverging from the booked reserves due to under-reserving which can make certain classes of business look profitable than they really are. Conversely, over-reserving tends to lock in unnecessary capital and could result in portfolio steering in the wrong direction.

The following controls and mitigation measures have been established to effectively mitigate aforesaid risks:

- The Underwriting Guidelines are used as a basis for underwriting of risks and basis for pricing charged to the proposer;
- Prudent margins are built in reserves and a regular monitoring of its adequacy is done;
- Adequate protection is ensured through a well designed Reinsurance Program with financially sound reinsurers;
- Catastrophe (CAT) protection has also been ensured to mitigate the risks of large losses arising from probable catastrophic events;
- Detailed Reserving Guidelines are documented for all classes of business which define the procedures to be adhered to; and
- The efficacy of the default reserve formula is reviewed on a periodic basis to identify

any significant changes in loss development patterns/ IBNR utilization trends and adjusted if deemed necessary and agreed by all stakeholders.

B) Investment Risk

Market Risk:

Market risk is managed by maintaining a diversified investment portfolio having desired mix between Debt and Equity in accordance with the Investment Policy. Adverse change in financial situation due to fluctuation in the market price of investment assets, its liquidity and credit quality are some of the material risks faced by the General Insurers.

Liquidity Risk:

Liquidity risk is the risk that a business runs though solvent on a balance sheet basis either does not have financial resources to meet its obligations or can secure them only at excessive cost. The Company ensures that its investments carry tenure which is matched with its liability cash-flows which generally are short-tailed in nature. The Company monitors the same at all times and formal reports are given to the Investment Committee as and when the committee meets. The Company has also put the ALM (Asset Liability Management) framework in place to monitor and mitigate this risk.

Credit Risk:

The risk of loss if another party fails to fulfill its obligations or fails to perform them in a timely fashion. The Company's Investment Function is overseen by the Investment Committee, duly assisted by the Chief Investment Officer (CIO). Further, the Company's Investment policy is compliant with the investment regulations prescribed by IRDAI and the said policy is placed before the Investment Committee of the Company before the trades in securities are executed. One of the key determinants of the Company's investment policy is the counter party risk. Accordingly, the Company invests in securities which minimize the counter party risks. Some of the instruments that it invests in Government of India securities – Sovereign guaranteed and AAA rated paper. Also, to mitigate the counter party risks the Company does only DVP transactions (Delivery Versus Payment) in all its transactions. Credit risk also arises on the reinsurance protection taken by the Company. The Company ensures that it enters into reinsurance agreements with reinsurers who comply with the prescribed minimum Financial Security Rating (FSR). This minimizes its credit risk exposures in reinsurance protection arrangements.

The aforementioned risks are reviewed and monitored on a regular basis by the Management and the Investment Committee.

The Investment Policy and the Standard Operating Guidelines have been designed to be more conservative than regulatory provisions relating to investment in debt and equity instruments.

C) Operational Risks

Your Company faces varied operational risks in the various processes it operates in the course of its day-to-day business such as Underwriting, Policy Administration, Claims, Finance, Investment, Marketing, Customer Experience etc. Operational risks majorly arise from breakdowns in internal processes, people and systems.

Operational risks are mitigated by developing comprehensive policies and processes and by implementing both automated and manual controls across various activities performed by various departments.

Business Continuity risks are managed by implementing a robust Business Continuity Policy and Process to ensure continuity of key services at minimum acceptable level of business and safety of human resources. The Company has an alternate Disaster Recovery (DR) site and has identified critical business processes which are tested periodically at the DR site to assess its operational preparedness in the case of any eventuality.

Fraud Risk:

Fraud is a critical risk for an enterprise which needs to be managed/controlled/mitigated in an organized way. The Company has formulated robust Anti-Fraud Policy and institutionalized Anti-Fraud Standard operating procedure which clearly articulates the process to be followed for identification, reporting of incidence and necessary action taken (if any). The roles, responsibilities and ownership are well defined in the framework. Further, the Fraud analytics is being leveraged for fraud prevention and build early indicators of fraud for fraud detection.

D) Information & Cyber Security

Your Company assigns critical importance to information and cyber security risks. Insurance business is highly information driven where information is recognized as a critical business asset. Due to emerging information and cyber security threats in the Insurance Industry, it is imperative that business information is protected adequately through appropriate controls and proactive measures.

4	Integrated Rural Development	Collectives for Integrated Livelihood Initiatives (CINI)	Lakhpatti Kisan: Livelihoods	Maharashtra	<ul style="list-style-type: none"> Q1 (Apr-June) is very crucial for implementation of Irrigation related interventions and amidst second wave of Covid-19 pandemic, program implementation was stopped due to govt. stipulated restrictions. Also the capacity building activities were not undertaken initially and after lockdown was lifted, they were done with small group of farmers. Well deepening/renovation work could not be initiated due to high water recuperation (wells were filled with water post monsoon) during implementation in Q4. The activity was actually planned in Q1 but due Covid restrictions it was postponed for Q4. The actual expenditure under Overheads expense head is lesser than budgeted as Q1 had pandemic related lockdown restrictions

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matters	Auditors' Response
1	<p>Actuarial valuation of liabilities in respect of Claims Incurred But Not Reported (IBNR), Claims Incurred But Not Enough Reported (IBNER) and Premium Deficiency Reserve (PDR):</p> <p>Valuation of liabilities of IBNR/ IBNER and PDR involves a significant degree of judgment. The outstanding claims liabilities are based on the estimated ultimate cost of all claims incurred but not settled at March 31, 2022 together with the related claims handling costs.</p>	<p>We have performed following key audit procedures:</p> <ul style="list-style-type: none"> We reconciled the underlying data with the trial balance and the source systems to ensure completeness and accuracy; We held discussion with the Appointed Actuary in respect of assumptions used, peer review comments and covid-19 impact on actuarial valuation of liabilities; and We obtained and reconciled the provision recognised in the financial statements amount with the Appointed Actuary's certificate in this regard.

Sr. No.	Key Audit Matters	Auditors' Response
	<p>A range of methods are used to determine these liabilities. Assumptions used by the Company's Appointed Actuary (the "Appointed Actuary") for such valuation should be in accordance with the guidelines and norms issued by the IRDAI and the Institute of Actuaries of India in concurrence with the IRDAI.</p>	<p>Apart from the above, the actuarial valuation of liabilities in respect of Claims Incurred But Not Reported (IBNR), Claims Incurred But Not Enough Reported (IBNER) and Premium deficiency reserve (PDR) is the responsibility of the Appointed Actuary. The actuarial valuation of the outstanding claims reserves (IBNR and IBNER) that are estimated using statistical methods and PDR as at March 31, 2022 has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the IRDAI and the Institute of Actuaries of India in concurrence with the IRDAI. We have relied upon the Appointed Actuary's certificate in this regard for forming our opinion on the Financial Statements of the Company.</p> <p>Considering this matter has been treated as Key Audit Matter here, the same is not reported under Other Matter paragraph below.</p>
2	<p>Information Technology systems:</p> <p>The Company is highly dependent on its information technology (IT) systems for carrying out its operations and owing to the significant number of transactions that are processed on daily basis as part of its operations, which impacts key financial accounting and reporting items such as premium income, claims, commission expense and investments among others.</p> <p>The controls implemented by the Company in its IT environment determine the integrity, accuracy, completeness and validity of the data that is processed by the applications and is ultimately used for financial reporting. These controls contribute to mitigating risk of potential misstatements caused by fraud or error. Further, the prevailing COVID-19 situation has caused the required IT applications to be made accessible to the employees on a remote basis.</p> <p>Accordingly, our audit was focused on key IT systems and controls due to the pervasive impact on the financial statements.</p>	<p>Our key audit procedures included, but were not limited to the following:</p> <p>We involved our IT specialists to obtain an understanding of the entity's IT related control environment, perform risk assessment and identification of IT applications, databases and operating systems that are relevant to our audit.</p> <p>For the key IT systems relevant to financial reporting, our areas of focus of our audit included Access Security (including controls over privileged access), Program Change controls and Network Operations. In particular:</p> <ul style="list-style-type: none"> • we obtained an understanding of the entity's IT environment and key changes if any during the audit period that may be relevant to the audit; • we tested the design, implementation and operating effectiveness of the general IT controls over the key IT systems that are critical to financial reporting. Information other than the Financial Statements and Auditors' Report thereon

- The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Directors' Report but does not include the financial statements and our auditors' report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The accompanying financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards specified under section 133 of the Act and other accounting principles generally accepted in India which are not inconsistent with the accounting principles as prescribed in the IRDA Financial Statements Regulations, the IRDA Act and the circulars/orders/directions issued by the IRDAI in this regard.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using

the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we

are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern; and

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE “A” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph 2(i) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date

Independent Auditors’ Report on the internal financial controls with reference to the financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (‘the Act’)

In conjunction with our audit of the financial statements of **TATA AIG General Insurance Company Limited** (‘the Company’) as at and for the year ended March 31, 2022, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

The Company’s Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company’s business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act including the provisions of the Insurance Act, 1938 as amended by the Insurance Laws (Amendment) Act, 2015 (the “Insurance Act”), the Insurance Regulatory and Development Authority Act, 1999 (the “IRDA Act”), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors’ Report of Insurance Companies) Regulations, 2002 (the “IRDA Financial Statements Regulations”), circulars/orders/ directions issued by the Insurance Regulatory and Development Authority of India (the “IRDAI”) in this regard.

Auditors’ Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India (‘ICAI’) prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the

Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (‘the Guidance Note’) issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company’s internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

WITH YOU ALWAYS

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls system with reference to financial statements and such internal financial controls were operating effectively as at March 31, 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

The actuarial valuation of liabilities in respect of Claims Incurred But Not Reported (IBNR), Claims Incurred But Not Enough Reported (IBNER) and Premium Deficiency Reserve

(PDR) is the responsibility of the Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of the outstanding claims reserves (IBNR and IBNER) that are estimated using statistical methods and PDR as at March 31, 2022 has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the IRDAI and the Institute of Actuaries of India in concurrence with the IRDAI and has been relied upon by us, as mentioned in "Key Audit Matters" of our audit report on the financial statements for the year ended March 31, 2022. Accordingly, our opinion on the internal financial controls over financial reporting does not include reporting on the adequacy and operating effectiveness of internal controls over the valuation and accuracy of the aforesaid actuarial liabilities.

Our opinion is not modified in respect of this matter.
